

For all life's journeys

Testimonials

N.P. Lubricants have been successfully used at the TCL MAYO plant for more than a decade.

N.P. currently supplies a variety a variety of lubricants inclusive of Ultra Duty 15W-40, Ultra Super Duty S3 10W, 30, 40, Ultra Supermatic ATF and Ultra Hydraulic Oil 37, 46, 68, that are used in various Heavy Duty Off Highway Equipment such as Caterpillar Excavators, Backhoes, Loaders and Dumpers (Trucks).

N.P.'s Technical Services Department readily assists us with any lubrication problems encountered or advice that may be required from time to time.

We have successfully implemented with the assistance of N.P. a Used Oil Analysis Programme at the Mayo facility, which has been in operation for over four (4) years now. The Oil Analysis results complement our Maintenance Programme in assisting us in reducing and repair costs.

A handwritten signature in black ink that reads 'Keith Thorne'.
