

# PLATINUM

## PLATINUM 2 IN 1 FUEL INJECTOR CLEANER + OCTANE BOOSTER

### GENERAL

**PLATINUM 2 IN 1 Fuel Injector Cleaner + Octane Booster** is a fully synthetic, high performance, fuel injector cleaner and octane booster. It is specifically formulated with **Injector Fuel Flow Technology** that quickly clean clogged and coked injectors, restoring 100% injector flow. This results in enhanced power and performance, improved fuel economy, reduced emissions, smoother idle and quicker/easier starts. It is also formulated to deliver the best octane enhancement to help eliminate damaging detonation, pre-ignition and pinging or knocking from low octane gasoline. It raises octane rating up to 30 points or 3 numbers.

**PLATINUM 2 IN 1 Fuel Injector Cleaner + Octane Booster** is formulated for engines equipped with carburetors, port fuel injection and direct injection, as well as turbocharged and supercharged engines. PLATINUM 2 IN 1 Fuel Injector Cleaner + Octane Booster is safe for oxygen sensors and catalytic converters.

### PERFORMANCE ADVANTAGES

- Reduces intake valve, carburetor, and port fuel injector deposits, for "like new" performance
- Helps control combustion chamber deposits
- Helps improve fuel economy
- Helps reduce surging, stumbling, hesitation, stalling, and rough idling to provide improved drivability
- Helps restore engine performance
- Helps reduce emissions
- Rust and corrosion protection of the vehicle fuel system and gasoline distribution system
- Good water removal characteristics
- Reduces engine knocking and pinging
- Raises octane rating up to 30 points or 3 numbers
- Stabilizes Fuel
- Will not harm vehicle emissions equipment

## **MAIN APPLICATIONS**

- Spark ignition engines with gasoline, ethanol or gasoline/ethanol blends.
- Conventional port fuel injection (PFI) engines.
- Gasoline-electric hybrid vehicles.
- Suitable for gasoline 2 stroke engines (air-cooled and water-cooled) and gasoline 4 stroke engines.

## **RECOMMENDED TREAT RATE**

Pour entire contents of 12 oz. bottle into nearly empty fuel tank. Safe to use every 1000km or as needed to keep fuel injectors clean.

## **TYPICAL PROPERTIES**

	TEST METHOD	
Pour Point °C	ASTM D97	-39
Kinematic Viscosity @ 100°C, cSt	ASTM D445	6.00
Flash Point °C	ASTM D93	76
Density, kg/l	ASTM D1298	0.882

## **HEALTH AND SAFETY**

**PLATINUM 2 IN 1 Fuel Injector Cleaner + Octane Booster** is unlikely to pose any health or safety hazards when used in the recommended applications, provided good standards of personal and industrial hygiene are observed. Please refer to Material Data Sheet (MSDS) for further information.
