

WORLD CLASS LUBRICANTS
FOR TROPICAL CONDITIONS

Sewing Machine Oil

GENERAL

Ultra Sewing Machine Oil is manufactured from premium quality hydro-treated base oils. It is primarily designed for use in sewing machines, and are also suitable for textile machines that spin, weave, knit, sew, cut, shape, etc. and that operate at high speeds, with close tolerances.

It has a low volatility, excellent high temperature oxidation stability, and excellent viscosity/temperature characteristics.

KEY BENEFITS

The use of Ultra Sewing Machine Oil would result in:

- Protection against excessive wear.
- Reliable operation.
- Effective lubrication.

MAIN APPLICATIONS

- Industrial sewing machines.
- Domestic sewing machines.
- Textile machines that spin, weave, knit, sew, cut and shape.

TYPICAL PROPERTIES

	TEST METHOD	
ISO Viscosity Grade		22
Kin. Viscosity @ 40 °C, cSt	ASTM D445	19.5

HEALTH AND SAFETY

Ultra Sewing Machine Oil is unlikely to pose any health or safety hazards when used in the recommended applications, provided good standards of personal and industrial hygiene are observed. Please refer to Material Safety Data Sheet (MSDS) for further information.
